At KTNV-Channel 13 Action News we are committed to making Las Vegas a better place for locals and their families. We strive to solve the everyday problems that can make life in Las Vegas frustrating.

Action News tackles problems that government and big business ignore. We ask the tough questions and hold those in authority accountable.

Attached are the community based stories covered by KTNV-Channel 13 for 2Q09 reflecting (5) significant issues that Southern Nevadans are affected by the most; Health and Welfare, Economic Development, Politics, Education and Public Safety.

Our community involvement extended far beyond covering these issues in our newscasts this 2Q09. Along with covering these stories that matter to the Southern Nevada community, Journal Broadcast Group's On-Air Talent and Behind-the-Scenes staff addressed our community's needs by participating in local events that were areas of concern for them.

Specific to 2Q09 was the Rebuilding Together project of 2009; helping rebuild a local deserving woman's home and the semi-annual clean up of the local retreat Mount Charleston.

### ECONOMIC DEVELOPMENT

NEWS SEGMENT: We've all seen first hand how the recession has affected the local economy. A new report is shedding even more light on the problem. The statistics are surprising. The 2009 Las Vegas Perspective says the Valley's population boom ended last year and we're now actually smaller than we were in 2007. Our Cost of Living is down too, but we're still playing more for things like movies and haircuts compared to most of the rest of the country. "We are one day closer to the bottom." But there are some bright spots. For example, the lower cost of a home has put ownership in reach for many who couldn't afford to buy before. Currently there is no exact way of knowing whether a home is in foreclosure, but there are places where you may be able to find some red flags; such as the County’s Assessors website. We have linked that website to ours for you. Just go to KTNV.com. Produced by Rosemary O’Donnell, Broadcast Date: 04/11/09- 8AM Weekend Newscast. (:45 Seconds).
